

# CHOOSE THE BEST PRINTING METHOD FOR YOU

## CHOOSE HOT STAMP PRINTING BECAUSE

you want a high-end look & need a minimum of 400-500 bags. Only hot stamp offers foil imprints in metallic, satin, matte & even iridescent options. It's the only choice for printing on plastic. 2-sided print available on bags.

**Metallic Gold Hot Stamp on White Kraft**

**Matte Black Hot Stamp on Brown Kraft**

(gloss black also available)

## CHOOSE INK PRINTING BECAUSE

it is the most economical method if you need at least 400-500 bags. The more you order the sweeter the deal! Ink print options include 2-sided & 2-color printing on bags.

**Black Ink Print on White Kraft**

**Black Ink Print on Brown Kraft**

## CHOOSE DIGITAL PRINTING BECAUSE

you need as few as 100 full-color pieces. 2-sided print available on bags.

**Digital Print on White Kraft\***

\*Please note that digital printing on white looks similar to your home inkjet printer output.

**Digital Print on Brown Kraft\***

\*Please note that on kraft bags the look is softer because the brown kraft color shows through the ink a little bit.

## COMPARING BLACKS: HOT STAMP VS. INK PRINT

The result of black hot stamping is a dense black imprint with a crisp, sharp edge.

The result of black ink printing is a softer black matte color with a smooth, soft edge.
